SENATOR HIGGINS: Oh, I'm not hesitating. I'm trying to get my child pornography bill out of the Judiciary Committee that has been sitting on it for two weeks. I guess it might be one that I might ask the Speaker if he would put on special order since it falls under the guidelines you told me of covering people all over the state that they would be concerned with.

SPEAKER NICHOL: Yes, you may give me a note saying that and I will put it in with my group of consent calendars that are the Speaker's...excuse me, the Speaker's priority bills. I know I'm going to have...

SENATOR HIGGINS: That is if it gets out of Judiciary Committee. I don't know if they are going to release it or not.

SPEAKER NICHOL: Well, see, I have to choose my priority bills tomorrow. So you better do it today or early tomorrow so that I'll have them. Because starting at noon tomorrow I must get my priority bills in too, which are really your priority bills. I have none of my own that will be Speaker's priority.

SENATOR HIGGINS: This is my priority bill and I think it is a top priority for a lot of the people across the State of Nebraska, child pornography.

SPEAKER NICHOL: Yes.

SENATOR HIGGINS: So, thank you, Mr. Speaker.

SPEAKER NICHOL: Yes. I guess we'll go to confirmation reports, Senator DeCamp.

CLERK: Mr. President, Senator DeCamp, as Chair of the Banking, Commerce and Insurance Committee would like to report on the confirmation hearing conducted by that committee on the appointment of Mr. James Beltzer to the State Investment Council. Senator DeCamp's report is found on page 1069 of the Journal.

SPEAKER NICHOL: Senator DeCamp.

SENATOR DECAMP: The report speaks for itself.
